recyclable  
customizable  
light&resistant  
innovative&elegant

*100% PAPERPASTE*

Make clothing  
**stand out**  
with  
**invisible busts**

PASQUAL ARNELLA

ECOLOGICAL  
&  
CUSTOMIZABLE

In our factory in Barcelona we have a human and material infrastructure which allows us to produce large quantities of busts and displays with a high quality, perfect finish and totally customizable. Due to our manufacturing process we are flexible and the project follow up is guaranteed.

From the inception to completion, Pentherformes designed the original models and we manufactured the moulds and then produced the serial in a very tight timing thanks to our in-house production.
