

## INTERNATIONAL TENNIS TOURNAMENT

**Mango**, sponsor of the Trofeo Conde de Godó tournament, prepared an original window of its shop in the Passeig de Gracia Avenue, that contains the most important stores of Barcelona.

In this project, Pasqual Arnella made some accurate reproductions of different tennis balls with a diameter of 35 cm and with an imperceptible adaptation to be placed on the top of their mannequins to complete a thematic shop-window, whom was visited for famous tennis players like Nicolás Almagro, Albert Ramos y Janko Tipsarevic
