PASQUAL ARNELLA 2023

Paperpaste

In Pasqual Arnella we manufacture our products with paper paste, a 100% biodegradable and compostable material, and therefore, the most ecological option to develop any shape, since it's entirely made out of recycled paper, without any adhesives or toxic substances.
All our products, designed and manufactured in Barcelona, meet all the sustainability standards, embracing the circular economy from design to the packing process.

Feel it...

Our Props Collection stands out for its organic looking and a warm surface, a perfect blend to display your jewelry in the most natural way.
Get the perfect background with our additional finishes available, using water-based paints or dyed colours.

Natural

Dyed
(MOQ 200 pcs)

White Painting

Black Painting

The natural and dyed colors might suffer slight tone variations due to the nature of the material.
Prices ex-works.
