SHAPING NATURE, MOULDING FUTURE

PASQUAL ARNELLA
Barcelona · 1892

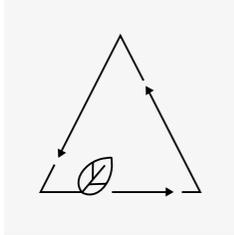

Pasqual Arnella is a family business with 130 years of experience crafting products with recycled paper.

Our mannequins are made of paperpaste, a renewable compound that embraces the circular economy from all sides.

We are a team empowered by four generations of people who believe in what we do and how we do it. Because it's all about passion.
